

Blowing gun

- Light alloy model

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-BM-SN	D740015	78	4-6	0,26

Blowing gun

- Light alloy model
- With safety and noise reduction nozzle
- Extremely quiet for drastically improved working conditions. The deeper recessed air hole does not block
- Extremely effective concentric blowing effect. The blowing force produced is up to 2.5 times greater than the force generated by a classic single-hole blowing nozzle
- Type certificate for noise reduction according to OSHA regulations and the Swiss Accident Insurance Fund (SUVA)

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-BM-S	D740145	234	4-6	0,28

Blowing gun

- Light alloy model
- With extension 100 mm

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-BM-SNV100	D740115	180	4-6	0,31

Blowing gun

- Light alloy model
- With nozzle for hose dia. 9 mm

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-BM-T9	D740017	78	4-6	0,26

Blowing guns

Blowing gun

- Nozzle with anti-block function. Air flow cannot be blocked when the nozzle is applied
- Stepless trigger for accurate dosage of compressed air
- Solid plastic casing prevents cold hands
- Extremely quiet due to silent nozzle

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-Vario-S	D740140	162	4-6	0,14

Blowing gun

- Suitable for farming applications
- 500 mm pipe allows for convenient use in places with limited access e.g. blowing out coolers on combine harvesters, clearing loading areas, etc.
- Stepless trigger for accurate dosage of compressed air
- Solid plastic casing prevents cold hands
- Lower risk of whipped up dirt particles entering the eyes
- Convenient operation in standing position

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-Vario-L-500	D740148	380	8	0,16

Blowing gun

- 300 mm blast pipe can also reach into awkward spots
- Stepless trigger for accurate dosage of compressed air
- Solid plastic casing prevents cold hands

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-Vario-L	D740141	222	4-6	0,16

Blowing gun

- Fan jet nozzle suitable for large surfaces
- Stepless trigger for accurate dosage of compressed air
- Solid plastic casing prevents cold hands

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-Vario-F	D740142	348	4-6	0,10

Blowing guns

Blowing gun

- Venturi nozzle increases the air flow rate by 100 %
- Stepless trigger for accurate dosage of compressed air
- Solid plastic casing prevents cold hands

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-Vario-V	D740143	222	4-6	0,14

Blowing gun

- Suitable for sensitive surfaces
- Nozzle tip with removable rubber casing prevents scratches
- Stepless trigger for accurate dosage of compressed air
- Solid plastic casing prevents cold hands

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-Vario-P	D740144	222	4-6	0,12

Blowing gun

- Handy blasting device for minor blasting tasks
- 3 m spiral hose for extra flexibility

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-Soft	D740035	192	4-6	0,18

Blowing gun

- Light alloy model
- With blast pipe extension, 100 mm

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-RSV 100	D740021	324	4-6	0,14

Blowing gun

- Light alloy model

Type	Art. no.	Air requirements (l/min)	Working pressure (bar)	Weight (kg)
AP-RS	D740020	180	4-6	0,10
